Dedication

With love, gratitude, and appreciation to MRS. VESTER, we dedicate this--the Memoirs of 1958. Her sympathy, understanding, patience, and ever-willing helping hand have helped us over many of our difficulties.

Her life is filled with rich enthusiasms, keen intellectual pursuits, deep spiritual values, and many other fine attributes which make her our own Mrs. Vester.

Foreword

Memories of past years in Spring Hope High linger in our minds as we, Seniors of '58, complete our school days here. These happy and eventful days have been filled with work, play, joys, sorrows, laughter, and tears.

Through many hours of pleasant toil the Memoirs Staff has tried to bring back a few of the best ot these memories. Each time you turn a page, may you stroll along Memory Lane of '58 with us.

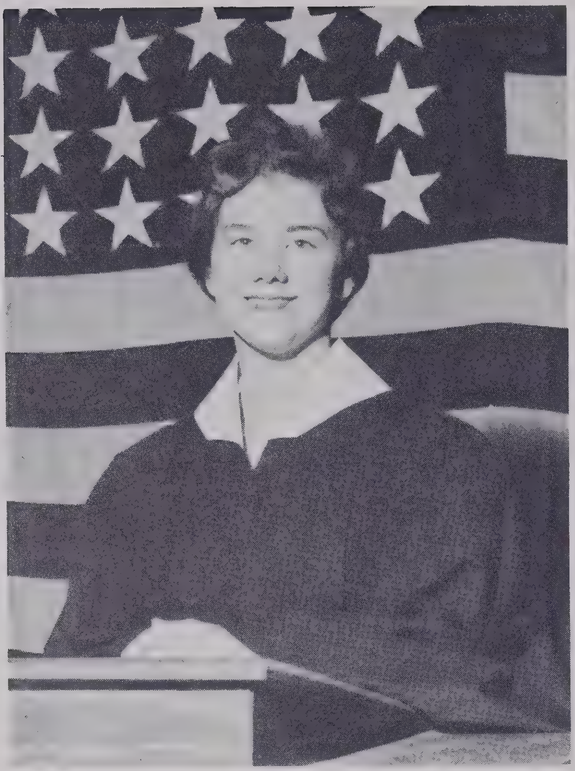
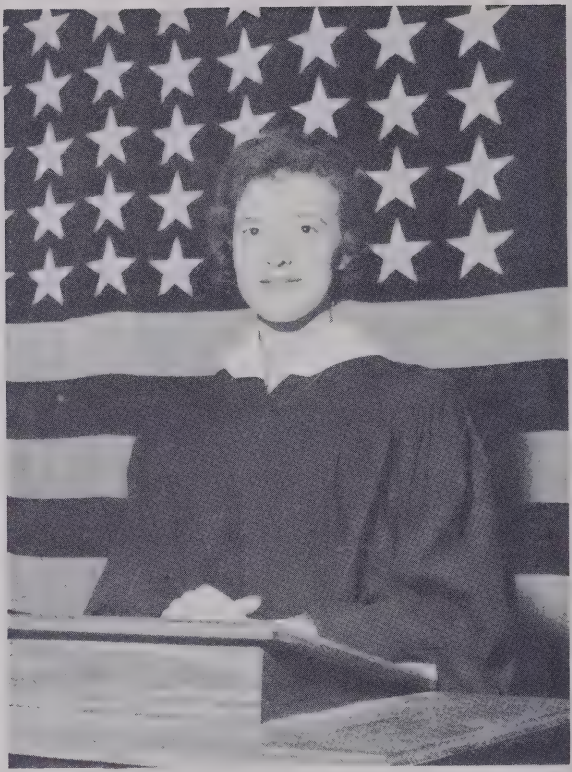
Achievements



MARY LENA MORGAN



PEGGY JO BAILEY

These students have certainly proved their abilities and aptitudes during their high school careers, for they have accomplished by hard work and never-failing effort the recognition they so richly deserve.

First there are those who have worked four years and who now are given the highest scholastic honors--that of valedictorian and salutatorian. Mary Morgan takes the honor of valedictorian and Peggy Bailey receives the honor of salutatorian of the graduating class.

Others to achieve scholastic success are five students in the junior class who have the highest averages in school for their three years. Their names and pictures appear below.

They have yelled, and cheered for good ole "Spring Hope High" players. Maybe they helped win! Maybe not! At least they made a loud noise! We thank them all.

THE SPIRIT OF "B-BALL"

Throughout this past year our boys have proved that they have the spirit of "B-ball," because they never gave up trying for a victory until the final whistle had blown.

We sincerely appreciate and congratulate them on their good spirit and sportsmanship.

Tune: Graduation Day

It's the time for joy;
The time to cry;
The time for us to say good-by
To our dear old school,
Dear old Spring Hope High.

We'll remember her for what she's done,
She made us work; but we had fun,
We'll remember always,
Dear old Spring Hope High.

Chorus
For our friends and teachers,
We shall not forget,
They've helped us for many years,
Now we leave them with tears.

We will not forget the joys we've known,
We'll have these memories while we're gone,
We'll remember always,
Though many paths we'll roam.

Chorus
Though we hate to leave you,
We must now go on,
We will not forget you,
And you'll never walk alone.

Since we have to go,
We'd like to say,
That though we're somewhere far away,
We'll remember always,
Dear old Spring Hope High.

JEAN LAMM
Poet

Class Poem

When we entered first grade that September Day,
  All were eager to talk, laugh and play.
We studied about Mac and Muff,
  And shared adventures with Wags and Puff.

We remember the second grade, third, fourth and fifth;
  They were busy years, happy years, but not very swift.
We quickly passed over grades six, seven and eight;
  Proud of our accomplishments and very good fate.

Then in the fall of nineteen fifty-four,
  We entered Spring Hope High School to learn a little more;
Though several have left us since that first day,
  Others now join us at this step of the way.

When we became sophomores the next year,
  We did each assigned task without fear;
But when Julius Caesar was being learned
  We were always glad when the class was adjourned.

This was the year we were joined by Vester and Douglas,
  Who have proved very helpful in strain and stress,
On the other hand we feared the whammy in the hall;
  It proved efficient for one and all.

As jubilant juniors, the Washington trip we shall long remember,
  And the Junior-Senior Banquet with all its splendor!
When we received those treasured class rings,
  We knew we had almost fulfilled our dreams.

Now we are graduating from Spring Hope High!
  We seniors have a dislike for the word Good-bye;
Our hearts are filled with gratitude
  For parents and teachers who are so wonderful and good.

Now each has chosen his preferred career,
  We'll scatter over the country far and near.
Come what may on the next road we tread-
  with determination, we face the future ahead!

Class Prophecy

Ladies and Gentlemen and classmates, I am pleased to have the honor to give you a report on what the 1958 graduates of Spring Hope High School have accomplished since their graduation. Tonight, at our tenth year class reunion, several of our classmates cannot be present because duty keeps them away.

Our President, ERIC MORGAN, is in Russia. Last year Eric led a revolt for personal freedom in Russia and overcame the communistic government. FRANK LANE VESTER is Secretary of State in Russia. Frank and Eric report that the Russians are very co-operative and eager to prosper in democracy. Last year I heard foreign news commutator, CHARLES MATTHEWS, say that two-hundred and fifty teen-agers accepted Christ at the first meeting of the "Young Christian's Club" in Moscow, Russia. HILDA JONES organized this club and before long branches of it will have spread all over Russia. Our prayers are with Hilda and also with BESSIE LEIGH DENSON who left Spring Hope last week to join Hilda in her mission work.

Last month I stopped at the "Barbara-Ann Beauty Salon" in Momeyer. I wanted to see ANN GARDNER and BARBARA ANN EDWARDS who own the Salon, but they had so many customers that I left after waiting for two hours. Barbara and Ann rank high among the hair stylists of the Nation.

Yesterday as I was traveling from my home in Charlotte where I fashion clothes, I turned on my TV and thoroughly enjoyed the world's most popular comedienne, JUNE GAIL GREEN. Her wit from High School days has certainly continued through the years.

All of us enjoy televisions on our automobiles today, and we owe our joy for this invention to BILLY JONES and JAMES WILLIAMS. In the "New York Times" a short time ago there was an article on the magnetic control cars which will be on the market by the first of the year. The cars are run by potential energy so there will be very little expense to keep a car. There is a traction between the car and the high-way. No sterring-wheel is necessary, only a button to regulate speed. This is a wonderful economic invention and RICHARD CARNEY played a great role in developing it.

In September, Miss America (our own BERNICE MOSS) christened the rocket "Progress" at the N. C. State College Missile Research Station near Raleigh. A group of people left the earth in "Progress" to conquer the moon. A great Russian scientist lived on the moon for one month in '66, but then returned to the earth. GEORGE ALMA DENSON is one of the most brilliant scientists of the World. She and AUTRY BISSETTE left on the Rocket to set up a refueling station on the moon so that we can send rockets to other planets.

The largest tea and ball the United States has ever known was held after the christening of "Progress." Here PAULINE HINTON and BETH GRIFFIN made names for themselves as the most charming hostesses of all America. WILBUR WILLIAMS and his orchestra provided music for the ball with RANDELL GRIFFIN as vocalist. These boys have really captivated the admiration of all music lovers.

Many of our classmates have gone into the literary field. JEAN LAMM was awarded the Pulitizer Prize last year. She has not yet reached the peak of her career. Jean's poetry and novels are better than ever this year. PEGGY BAILEY is now busy writing a biography of Mary Todd Lincoln. She is going into the life of Mrs. Lincoln more thoroughly than any other writer has gone. Peggy has consulted IZELL LAMM, a great philosopher at the University of North Carolina for some material. Izell says that Peggy's book will be a great success.

MARY MORGAN, a world famous psychiatrist, has published several books on "The Workings of the Human Mind." Articles of Mary's are published each month in the "Ladies Home Journal."

ALICE MOORE is Professor of English at Chowan College. JEAN FINCH has chosen a career with the younger folk. She is teaching primary education at West Nash School. GORDON LAMM is Principal of East Nash School and JACKIE TURNER has made an excellent secretary for the school. NANCY CHEAVES is the Girl's Basketball coach at East Nash. Her team has not lost a game in five years. Nancy has proved herself quite efficient.

JUDY WINSTEAD has expressed her feelings toward life and literature through art. Several pieces of Judy's modern art can be seen in the National Art Gallery in Washington, D. C.

RAYBORN LEONARD is a cancer specialist at Duke Hospital. He has found a sure cure for cancer. NANCY JOYNER and KAY HENSLEY are his able assistants. They are doing excellent work.

EVELYN VIVERETTE and LOIS MURRAY are working in a Real Estate Office in Raleigh. These are two very capable young ladies. PHYLLIS FULGHUM is doing secretarial work for the Federal Bureau of Investigation in Washington, D.C. EVELYN FINCH is the private secretary of a very prominent lawyer in Winston-Salem. Evelyn has a busy life working at the office, keeping house, and making her one year old son happy.

EARL LAMM has made himself a very successful T.V. Sports Disc Jockey. Earl enjoys his work and we enjoy his play by play broadcast of the sports of our college and Professional teams.

EDWIN REID was awarded the All American Basketball Award last year. He has fascinated everyone with his superior playing skill.

CLAYTON WILLIAMS and JAMES MANGUM own a large Grocery Market outside of Spring Hope. James invited me to lunch with his family today. Janice keeps a beautiful home and cares for three sweet children. She spends her time making her family happy and comfortable.

This concludes my report on the graduates of 1958. I congratulate each of you for being so ambitious and becoming such vital instruments to the world. May this class reunion inspire you to strive for greater heights and may you all have happiness and success for the remainder of your lives.

PEGGY BAILEY

Class History

It is hard to believe that only four years ago, we, the dignified seniors of this graduating night, did begin our journey through this Memory Lane as frightened and very green freshmen.

Looking on with exasperation at our confusion and commotion, our very capable advisors, Mr. Smith and Mr. Staley, set us on the right "track." Fannie Rae Lamm led the class as President with the help of the other officers, Nelda Jackson and Charles Matthews. Of the many students who took part in the extra-curricular activities, the freshman class claimed twenty-five members of the Glee Club, five girls on the basketball team and two cheerleaders.

Several improvement were made on the campus that year, including four new grammar grade classrooms and a beautiful and very modern lunchroom.

A real treat was enjoyed by our class when our grademothers gave us a weiner roast and hayride at the close of our freshman year, Thus, we had come one-fourth of the way through our Memory Lane and we had just enough memories to look forward with much anticipation to our sophomore year.

Returning to school in the fall of our sophomore year, we had a big surprise when we found that the old gymnasium had been destroyed by fire. We didn't know whether to laugh or cry, but we rejoiced when, in only a year, we had a new one. Our sophomore year found us almost as noisy as ever, and we met the man of our dreams--Julius Caesar! Charles Matthews led the class as President and Mrs. Douglas and Mr. Washburn were our advisors. Three members of our sophomore class were tapped in the Beta Club, and twenty-four of the weaker sex became members of the Future Homemakers of America. Another course was added to our curriculum in the form of Driver Training taught by Mr. Smith. A special addition to the campus was made when Mr. Parrish had grass planted; this caused us to take an interest in our ground appearance. At the end of the year our grademothers pleased us with a very exciting treasure hunt which helped us forget some of our hard times. By this time we had completed half our journey with memories of a wonderful basketball tournament, a lot of fun, but a lot of World History and Algebra that made us glad we'd finally managed to get our sophomore year behind us.

Our junior year was full of excitement and achievement; one that we shall remember with the happiest of memories. With the assistance of our advisors, Mrs. James Strickland and Mrs. Sarah Matthews, and help from our officers: Eric Morgan, President; Frank Vester, Vice-President; Hilda Jones, Secretary; and Jackie Turner, Treasurer; we made it a year of many accomplishments. We did very well on the magazine campaign with Charles Matthews becoming high salesman. Many long hours were spent preparing for our junior play, "Where's Grandma?"; but we had fun, too, and found the class had some very capable actors and actresses. Through hard work and much co-operation, we gave the long-awaited junior-senior banquet in the school cafeteria.

We had even more excitement during the junior year when we took the never-to-be-forgotten trip to Washington. We had great fun; and though it's surprising, everyone came back safe and sound. We also received our class rings which helped us to stroll directly into the lane of upper classmen. We found, too, that some of us even had some "brains," for the following were chosen marshals on a high scholastic rating: Mary Morgan, Peggy Bailey, George A. Denson, Janice Lamm, and Evelyn Finch. It seemed that we'd hardly begun our junior year when May came, but we had enjoyed many experiences, and we could hardly wait for our senior year to begin.

As very proud seniors we began our last year at dear ole' Spring Hope High School with a "bang" by winning the Varsity King and Queen contest. We did this only with the help of our wonderful advisors, Mrs. Vester and Mrs. Smith, and our gradeparents. Eric Morgan was elected President of the class and the following officers were chosen to help him: Fannie Rae Lamm, Vice-President; Hilda Jones, Secretary; and Alice Moore, Treasurer.

We had happy memories of the senior play, basketball season, the junior-senior banquet, the party given by our gradeparents, and mascots, and many other things during the year.

Now we have finished our years at S.H.H.S. and can look back on a rugged, though joyful, Memory Lane where we found happiness and friends, where we **struggled** to pass our work, and where we reached one of our first goals, graduation.

While we are venturing from this path to a new, more rugged one, we aspire with determination and zeal our next goal and to make all those whom we have loved and know proud of our success.
